

# THE - BIG - IDEA

## ECONOMY

It's up to all of us to economise, but, the fact remains that we must wear clothes; and is it not reasonable that the only men's and boy's store in Strathmore should be in the position to provide your needs?

## SUMMER GOODS

such as Light HOSE, UNDERWEAR, PANAMA HATS, CANVAS SHOES, etc., etc., are in stock for your inspection.

## WORK CLOTHES

in full assortment OVERALLS, WORK SOX, GLOVES, WORK PANTS, CAPS, etc., etc.

DON'T FORGET THE PLACE

## Better Roads

The project advanced by Rockford Board of Trade and reported in last issue, is not advanced by them from an altruistic point of view, but with the object of helping Rockford. At the same time it would be a great advantage to the travelling public to have the road between here and Rockford taken over by the Government, and maintained by them, and there is a very good case for this. This road is at present very heavily used by transient traffic from Calgary to points north-east, and it is the main artery of communication to a large and prosperous district. North and south roads are really worse needed than east and west, for the eastward run mostly east and west, and can always be used, but the people between the lines of railroads have to use the dirt roads. Cooperation between Bow Valley and Grasswood Municipalities would do much to advance the project.

## "UNDER NORTHERN LIGHTS"

A thrilling and absorbing story concerning the activities of that famous body of guardians of the law, the Royal North West Mounted Police, titled "Under Northern Lights," is announced for the Strathmore Theatre on June 8. This latest Universal production was written and supervised by Jacques Jaccard, known throughout filmdom as the king of thrill directors.

"Under Northern Lights" tells about Douglas MacLeod, a constable in the Royal North West Mounted Police, who is in love with Suzanne Fouchard. When Jacques Fouchard, Suzanne's brother, returns from Alaska, where he is rich, he brings Suzanne a lot of money. LaRoque, a professional gambler, loses no time in snatching him into a framed card game, where Jacques' purse soon diminishes. The young miner discovers he is being cheated and a fight follows. When the excitement is over, LaRoque lies dead on the floor. In the meantime a young Indian girl, the mother of LaRoque's child, loses herself to death from a high cliff because of the gambler's refusal to return the identity of her daughter. MacLeod finding the body of LaRoque, faces the painful duty of arresting the brother of the girl he desires to make his wife. He does his duty despite the fact that Suzanne declares she will never see him again. The subsequent happenings that bring "Under Northern Lights" to a happy ending are tense with dramatic situations and extremely thrilling.

A splendid cast of principals include: Leonard Chapman, Virginia Fair, William Blevins, Olga Goss, Herbert Bellows and many others.

## Proposed Militia Squadron

The Editor Strathmore Standard.  
Lt. Col. Woolley Dbd. 616, 20th Ave. West, Calgary, O.C. 15th C.I.H. has written Comrades Dackley, Unwin and myself with a view to the possibilities of raising a troop or squadron of the 15th C.I.H. in Strathmore and district.

As an ex-serviceman the idea does not appeal to me so much as the formation of an infantry unit, but I am sure there are some ex-soldiers, N.C.O.'s and men of cavalry and artillery units who would be willing to undertake the formation of such a unit as desired by Lt. Col. Woolley Dbd. I am sure many of these will recognize the necessity of preparedness even in these times of peace and if I can assist them in any way in the raising of a Strathmore unit of the 15th C.I.H. I will be glad if they will communicate with me or with Lt. Col. Woolley Dbd. direct.

Comrade Dackley regrets that he is unable to devote the time to the formation of the unit.

I will be glad if you will publish this letter in your next available issue so that some idea can be gained as to the views of those who are interested. On hearing of the chances of success Lt. Col. Woolley Dbd. will be very glad to visit Strathmore and give as full details re the conditions of service, drills, pay, etc.

Thanking you for trespassing on your space, I am, Sir,  
Yours faithfully,  
F. J. DICKSON,  
EX-LE. REP.

## Curling

The weather is warm now, but it is a good time to talk about building a curling and skating rink for the coming winter. Every other town in the Bow Valley has one now, and they have afforded lots of pleasure during the winter months, and where they have shown profits. As this has been proved that the Town or the Municipality undertake the construction work, raising debentures for same, and this has met with considerable support. This plan has been tried out by a number of towns and municipalities throughout the West, and has proved very successful.

Calgary, Alta.—An initial shipment of 1,240,000 pounds of frozen meats has gone forward from here to Liverpool. Owing to the embargo on the importation of live cattle in England, the export cattle trade in that country has been seriously handicapped, but if this shipment proves a success, there will be all probability for a permanent trade built up.

## MR. FARMER:

When you are thinking of Hail Insurance

## Think of Your Own Plan

The best service in the Province. The quickest and fairest adjustment of claims and payments of awards. The best terms of payment of premiums. And the cost has been only about two-thirds of the cost of any other plan.

## Automobiles a Boon to Health

"The use of an automobile is an important factor in the health of the individual," says Harold Bell, local dealer in Chevrolet passenger and commercial cars.

"The motor car conserves human energy. It makes it so faster."

"The man who uses an automobile in business finds that he can cover more ground in greater physical comfort and with less cost to his nervous system."

"To ride to work in one's motor car is to arrive fresh and fit. Throughout the day, for necessary trips, it makes one independent of the confusion and uncertainty of other forms of transportation. And at the end of a busy day there is restfulness to be found in the convenience of one's waiting car in its readiness, its easy motion and its direct progress to ward home or place of recreation."

"There is stimulating diversion in driving one's own car. There is a certain amount of concentration necessary that takes the mind off other matters and leaves one refreshed for the next occupation."

"Doctors especially among professional people, have experienced the beneficial effects of motoring. They find it enables them to take care of more work in their communities and this in turn is reflected in the increased good they are able to do for the public health."

"Motor cars have also benefited the farmer. They shorten his hours of work and thereby protect him from the use of tractors and other forms of transportation. They put the farmer and his family in closer touch with a wider range of wholesome interests."

"And for recreation, for restoring mind and women to full vigor after a period of exhausting work, the motor car is a boon to health."

Victoria, B.C. Vancouver Island is more and more becoming the Mecca of American automobile tourists along the Pacific Coast, and this fact is borne out by the recent statement made by customs officials that 1,292 automobiles from the States visited the island last year.

## Local Hottings

OF LOCAL INTEREST  
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard, Phone 17 or 68

Mr. and Mrs. J. E. Hodford and family arrived on Monday from Minneapolis, Minn. to spend a few weeks with her parents, Mr. and Mrs. Fred Benz.

Mr. and Mrs. W. M. Marshall motored to Calgary last week.

Keoma Municipal District held their regular meeting on Saturday. A report of same will be published in next issue.

Mr. Tom Crawford is now around again, and gaining strength rapidly after his recent operation.

An interesting meeting of Strathmore C.F.A. was held in the King Edward on Saturday, but we did not receive a report from the secretary up to the time of going to press.

Miss Winnie Brown was the guest of honor at a miscellaneous show given in the Oddfellows' Hall on Monday evening, in view of her forth-coming marriage. Mr. and Mrs. G. Forbes were the hosts, and there was a large attendance, and Miss Brown was the recipient of many useful and beautiful gifts.

Dr. W. C. Phillips spoke very feelingly of Miss Brown's many excellent qualities, and the fine work she had done in connection with Strathmore Hospital, where she is at present employed, and wished her every happiness in the future.

The remainder of the evening was spent in dancing. Dr. A. W. Gilvray and Miss E. Brady officiating at the piano. Refreshments were served at midnight, and a very enjoyable time was spent by all.

Messrs. A. B. Foote and C. W. Oxley have been appointed to the 1911 of July Sports Committee in place of Messrs. Joe Van Tishen and H. J. Beach.

The committee is getting to work right away. It consists of three members each from the C.F.A., C.F.A. and Community Club.

Mr. T. M. Vears, barrister and solicitor, has accepted an agency for fire insurance from the Alliance Assurance Company, of London, England.

Mr. L. T. Williams, Principal Strathmore Schools, has just received word from Queen's University, that he had completed his B.A. degree, with honors in Political Economy and History. This is a very creditable showing.

Strathmore C.F.A. is expected to be contemplating the holding of a most interesting picnic in the near future.

Mr. A. B. Foote is advertising miscellaneous hardware bargains in this week's issue, but there is no mistake about the prices this week.

A head man was fined \$200 and costs last week for dispensing beer with an alcoholic strength of more than the legal strength.

It is stated that the analysis showed an eight per cent strength. There have been quite a number of convictions of the same kind throughout the province during the past few weeks. It seems to us that the authorities would be better advised to concentrate on whisky, gin, and so on and leave the beer alone. When there is no tax on demand for whisky, gin, and there is not so much drunkenness, and then people have the gratification of indulging in the forbidden fruit without the expense or the big head that usually follows.

It is a fact that there was little or no drunkenness while beer was on tap and the sales for whisky during the last two months have been very sensibly cut down.

As will be seen from another column of this issue, a President of the denomination will be given at the farm of Mr. W. G. Knyvet, two miles north of town, on Saturday afternoon, June 1, and in the evening a service will be given in the Open House by Mr. A. Blackstock, a graduate of Manitoba Agricultural College, on farm problems.

The demonstration and lecture will both be worth attending.

Meet me in the L.O.O.F. Hall on Saturday afternoon. The Ladies Aid of the Union Church will have something good for you there.

If you want nice home made bread, candy or cake, be sure to visit the Sale of Home Cooking in the L.O.O.F. Hall on Saturday afternoon. Music from four to five.

Mr. W. L. Tibbels is still confined to his bed.

Ice, Soft Drinks, Cigars, Cigarettes and Tobacco.  
White Heat Only Employed

Strathmore is on the sport map this year. Several sports days are already on the calendar to be pulled off this summer and the ball club is in fine form.

The games played since the season opened on the 24th have been good, and they should get better all the time as the team works into practice.

The game with Glenhead on Sunday would have been a franchise game, but the rain came down, and no one even went to see it.

Strathmore's second team put up a fine series, and defeated Langdon 2-1 the same afternoon. They should be able to put up a good fight 8:30 and the surrounding villages, and the boys are developing into real ball players.

The main guys are looked up for several games away from home during the next week. Strathmore play Husar at Husar on June 2nd, Rockyford at Rockyford on June 5th, and Glenhead at Glenhead on June 12th.

While they are going round the circuit the second team will meet Glenhead at Strathmore on June 5th. There are some good ball players at Glenhead, and it should be an interesting series.

There should be a big turn out of local fans to accompany the team to Rockyford and Glenhead. Husar is fifty-five miles away, but if the team can so far on the road of us, and the Husar team looks as if it was one of the hardest nuts to crack in the league.

The Strathmore Ladies Ball Team also are up on their toes. A game has been arranged with Drumhead Ladies Team. This will be played at Glenhead on June 17th, there being a big sports day on there that day. The girls are practicing hard and getting into better playing shape every day.

On June 18, the day of the opening of Strathmore War Memorial Hall, there will, along with many other attractions be a big baseball tournament.

Fats and Slims of Strathmore are expected to line up on June 15, and the result will show if weight will tell. Dr. Giffen and W. C. Brown pitch for their respective sides. Play ball.

The senior team will also put on a game that afternoon, though the details are not decided yet.

Everything is set for a good season's fun in every line of sport. All that is lacking is the support of the public, and from the attendance at the games that have been already played, there is no doubt that this will be forthcoming.

## Strathmore 10—Langdon 9

A good game was played between Strathmore Juniors and Langdon on Sunday afternoon. Scores were as follows:

Strathmore	Langdon
Way, c.	5 3 3 0 0 0
Scablon, p.	3 2 1 1 0 2
Griner, lb.	5 1 2 5 0 0
Baker, 2b.	5 0 1 2 1 2

Rev. M. F. MURPHY

## CUSTOMER'S ORDER FOR HART-PARR 30 TRACTOR

## WARRANTY

## The Guarantee Is Written In The Order

The guarantee on a Hart Parr 30 is a reality. It is a part of the customer order blank. It guarantees the tractor against defective workmanship or material, and guarantees that it will burn kerosene as successfully as a gasoline engine burns gasoline, develop as much power from it and use no more of it.

## A PERFECT MOTOR FOR THREE-PLOW WORK

The Hart Parr 30 is all built in Hart-Parr shops. They prefer to build the motor because of their long experience in building kerosene motors and because they have been particularly successful in building kerosene motors that have unusual power, building tenacity and long life.

The normal speed of Hart-Parr motor is 750 revolutions per minute. That's about half as fast as the ordinary four-cylinder motor runs to produce the same power. You can readily see that a slow speed motor will last longer. It is the ideal motor for heavy duty work. It is the simplest to maintain and understand.

The catalogue explains all the advantages of the Hart-Parr 30 two-cylinder twin motor versus a four-cylinder motor. Write for your copy today or call and see us.

## H. J. ANDERSON AND SON

Strathmore Phone 67

## A POWERFUL STURDY, THREE-PLOW KEROSENE TRACTOR. HART-PARR 30. BUILT BY THE FOUNDERS OF TRACTOR INDUSTRY.

## Fordson Demonstration

A practical demonstration of the Fordson tractor will be held on the farm of W. G. Knyvet's, 2 miles north of Strathmore on

## SATURDAY, JUNE 4th

at 2:30 p.m.

Mr. T. McInnes, mechanical expert, will be present and will be prepared to answer any questions in connection with the mechanical features of the tractor. This is your opportunity to see the tractor do some good work and at the same time get some information on its construction.

## FARMERS' MEETING

will be held in the

## Opera House, Strathmore

at 8 o'clock the same evening. Mr. A. Blackstock, graduate of the Manitoba Agricultural College, a practical farmer, will lecture on farm problems. Questions and discussion will be invited. The lecture will be illustrated with specially prepared motion pictures. Come and hear Mr. Blackstock's interesting talk. No charge.

W. C. BROWN, Dealer, Strathmore

Montreal, Que.—The port of Montreal is beginning to benefit by a renewal of activity in the matter of re-traffic to the United Kingdom and the continent of Europe. The traffic died down during the war, and is only beginning to revive. Since the opening of navigation this year, about 2,000 head of cattle all from Western Canada, have been shipped overseas. The cattle, which are now being shipped overseas are slaughtered at the port of arrival within ten days of reaching that side.

## CARSELAND NEWS &amp; NOTES

A meeting for the purpose of organizing a Community Picnic will be held next Tuesday evening in the church. Everyone is urged to attend and boost the picnic along.

## Baseball Club Organized

A good attendance turned up to the meeting held on Monday night to organize a ball club for Carseland and Nelson was appointed a committee of one to purchase four or five acres on a disjunct from the C.P.R. (dunes) will be played each Tuesday and Friday evening; not later than 7 p.m.

The following officers were elected: President, F. T. Cook; Manager, I. E. Stinson; Captain, G. Phillips; Sec. Treas., S. March.

On Tuesday, the 21st, a picnic under the auspices of the Ladies Aid was held at the river and proved to be an enjoyable function for all concerned. The day was everything to be desired. Mr. Laurie did a roaring business with his ice cream booth, etc. The day was finished out by a baseball game between the boys and the married men, in which the former proved their superiority in spite of the fact that they had already chased up a team from Blackie earlier in the day.

An accident that might have marred the pleasure of the holiday happened to Mrs. Haskayne while returning to town for another load. While passing on a narrow hill in the road, an oncoming car bumped the front of her car and put it in the ditch, though with no serious consequences than the breaking of some parts of her stove and the seat.

Misses I. E. Stinson, Calvin Kennedy and Wilbur Phillips assisted Bling Creek Baseball team at Glenora on the 21st, and played in the short end of a score 5 to 7.

Quite a number of Carseland families made the trip, including Messrs. Pugh, L. Fox, Myers and Dr. McKenney, who after making Jimmy Nelson's corner, had an uneventful drive.

A number of the youngest people took in the dance at Delwood on Friday evening and report an enjoyable time.

The ball game between Carseland and Delwood called for the 21st did not materialize owing to the Farmers' Picnic at Delwood being postponed.

The Rev. F. T. Cook spent most of last week in Edmonton.

Mr. H. Jarman, of the Confederation Life, attended most of last week in Carseland and vicinity.

Church row in Mt. Royal is now pretty well tamed and pointed. Mr. Woodrow is the latest to ward the brush.

Several loads of feed were shipped out of Carseland on the 21st, the shippers included Foy, DeLeon, G. Mace and Martin Christensen.

Several loads of feed were shipped out of Carseland on the 21st, the shippers included Foy, DeLeon, G. Mace and Martin Christensen.

## NAMAKA NEWS

Mr. H. J. Murray, who has been somewhat ill for the past fortnight is now recovering.

Several cases of mumps are reported in the district.

Mr. G. L. Peterson, while waiting with a walking plough, had the misfortune to dislocate his hip, necessitating a trip to Calgary to have it adjusted.

Mr. and Mrs. Hall, and young son, of Calgary, have been visiting with Mr. and Mrs. McIntosh.

Misses R. Binger, H. Brown and H. Johnston spent the Empire Day holiday on the Highwood river, fishing. Unfortunately a log drive was in progress which effectively spoiled the sport and the three fishers returned with only three trout.

The dance held in the hall on Friday evening to inaugurate the new plans was sparsely attended, the proceeds amounting to only \$25.50.

The municipality are now mending their ways in this direction. (Garbow Bros. being in charge of the work.)

The Government has also a road sign that are doing good work, on the main road leading to the work.

A large part of the winter wheat crop seeded last fall has had to be reseeded in spring wheat.

Mr. and Mrs. C. Bell, the (non-accidental) pedestrians, passed through Namaka Wednesday. They are doing a commendable average of 25 miles daily.

## CHEADLE NEWS

The Turner Club are just completing a very successful year's programme.

The club was founded on June last year, with headquarters at Turner's School. The initial meeting was held at the home of Mrs. Keer in June of last year, and the annual meeting will take place on June 11th. There is now a membership of over 100.

Church is held every Sunday and the auspices of the ladies. The activities are conducted by Rev. A. Green, Langdon, and Sunday school services are also held regularly.

The club have also held a number of dances and socials during the past year. They are also making a fund for a new sports were held on May 21 and great success was attained, over 150 people being present.

The club also put a concert during the winter, and this was repeated with great success at Langdon and Cheadle.

From the above recital of its activities it will be seen that the members are live wires in every way, and they are contributing much to the welfare of their community.

## STRATHMORE GUN CLUB SHOOT

Strathmore Gun Club is holding shoots each Wednesday afternoon on the grounds on the north side of the track.

The following are scores in the last Wednesday's shoot, out of a possible of 25:

A. Peterson, 21  
M. Barber, 21  
H. F. McDonald, 15  
Jae Smith, 15  
R. Brown, 11  
T. Pakenham, 10  
L. B. O. Loshell, 10

M.D. OF KEOMA, No. 249

Anyone who has not yet received their crop reports can have some by applying to the Secretary Treasurer. Do so as soon as possible, as reports have to be in at head office by June 15.

"Peace Hath Her Battles,  
No Less Than War."

## Renew Your Membership In The RED CROSS

During the war everybody gave to the Red Cross. In these Western Provinces, hundreds of thousands of citizens joined in the greatest flood of gifts ever poured through a single voluntary organization.

Because the need was vital, the emergency ever pressing, there was little formality of membership. Everybody belonged to and was a part of the war-time organization of the Red Cross.

Red Cross now has peace-time duties just as important to humanity as its greatest service of devotion in time of war. The Red Cross Societies of the world have leagued together in a broad-gauge, carefully planned continuous campaign—

### For the Improvement of Health, the Prevention of Disease and the Mitigation of Suffering Throughout the World.

This work is to be carried out at home, right here in our own country by our own Red Cross and simultaneously in every one of the thirty-one countries associated in the World League of Red Cross Societies. The Red Cross peace-time crusade for good health is separate and distinct from the war work of the Red Cross or the great task that it is still carrying on, growing

out of its care of those who suffered in the war. To endorse, support and carry on its peace programme the Red Cross asks the approval of every citizen through the enrolment of his or her individual membership. The Membership Fee is \$1.00 per year. The payment of this dollar when you enroll your name is all the money the Red Cross is asking of you.

### Enroll

As the outward and visible sign of your faith in the Red Cross, your participation in its good work, your support of its world-wide mission for the improvement of conditions under which humanity lives.

**Enrolment Dates, June 5th-11th.**
